Statements of witnesses -

Deposition of Dr. Kenneth Everett Salyer, March 25, 1964

6 H 8/1 80-1

He is a first-year resident in surgery at Parkland Hospital and was examined by Asst. Counsel Specter.

He is asked only general questions; he is asked ~~8/1~~ also rather limited questions, and his answers, since he was late in arriving and was quite junior, provide very little.
